

Triple Hitch Extender

Product Description

Product Uses

- Extends ball mount farther away from towing vehicle, creating more space between vehicle and trailer
- Stows extra ball mounts
- Allows tailgate to be lowered without interfering with trailer jack
- Makes launching a boat easier in shallow water
- Mounts Swing and Step so it can be used as a tailgate step
- Mounts accessories like a vise, step, tailgate grill or TV mount
- Stops vehicle from hitting obstructions when backing up

Stows extra ball mounts

Mounts Swing and Step so it can be used as a tailgate step
